GREENWOOD, Miss., Feb. 13.—Calm, professionally detached, Dr. Sara Ruth Dean today converted the courtroom where she is being tried for the "highball murder" of Dr. J. Preston Kennedy into a medical laboratory and invoked her keen knowledge of pharmacopoeia to confound the state's effort to send her to the gallows.
Pencil poised, a sheet of paper on her lap, she guided her council through the intricate reactions of drugs and herbs—explained difficult Latin terminology—while her legal battery strove to prove that Dr. Kennedy was still stupefied by narcotics.

Factor, himself facing extradition to England for trial in an alleged stock swindle, is being held under close police guard waiting to repeat his identification of the three defendants as his kidnapers.

PA NEW OBSERVES

Tomorrow is Ash Wednesday.

What would you think if you opened the front door of your house one of these cold mornings and found a butterfly leisurely walking along the door sill? You'd probably wonder where the butterfly came from and how it had lived through the recent below zero weather. Those were no doubt the thoughts of Mrs. George Carpenter, of Sheridan avenue yesterday morning when she found a yellow butterfly on the front doorstep of her home.
The butterfly was of the common variety usually seen hovering around mud holes in the summer time. It was able to walk with out difficulty, but did not attempt to fly. Mrs. Carpenter took it into the house and provided a nice home for it in a glass vase, but that didn't solve all the problem. What do butterflies eat, Mrs. Carpenter is experimenting along that line, and perhaps some of the nature lovers in New Castle can give her some pointers. But who ever heard of a butterfly looking for a home in February?

One of the slipperiest hills in New Castle on Monday afternoon, was the Crown hill. In order to avert any accidents to the CWA workers at the bottom of the hill, a man stopped all cars on the top of the hill and advised the motorists to "go slow."

Lent season opens on Wednesday, and terminates on Holy Saturday, March 31.

Tomorrow is Valentine Day. Postmen and florists are taking note at least.

Last night was one of the worst for motorists on the roads. The blizzard swept the snow almost straight across the highways, and also started drifting early in the evening.

OFFER GREAT BARGAINS HERE ON THURSDAY

With all the talk about a stabilized dollar, a deflated dollar and a baloney dollar, the average citizen is a trifle confused these days. What he wants to know is what a dollar will buy, not what its gold content is nor how long the claws on the eagle are.

Forty or more merchants are going to demonstrate what can be done with a dollar on Thursday when Dollar Day takes place. Their demonstration is not going to be accompanied by an essay written by a braintruster. It is going to be a practical demonstration of just what a dollar will buy when New Castle merchants decide to hold a sale.

Double Dollars.
The dollar on Thursday isn't going to be a 50-cent dollar. Rather it will be a 200-cent dollar for its purchasing value in many cases will be twice as much as it has been. Never mind how they do it, they aren't going to use mirrors or tricks.

Well, in the first place, he wouldn't chop any wood; he would trade his ax in on a Ford; being a Republican, he would vote the Democratic ticket; being in sympathy for the under dog, he would be classed as a radical progressive; having a sense of humor, he would be called eccentric.

DOLLFUSS GOVERNMENT LAUNCHING OFFENSIVE TO CRUSH RESISTANCE

European Nations Watching Situation In Austria With Much Anxiety—British Warn German Government Against Intervening In Crisis—Italy Bent On Seeing Austria Remains Independent Of Germany—Hitler Government Enthused.

(International News Service)
All Europe cast anxious eyes upon Austria today as civil war extending throughout the republic verged on nation-wide revolution with vast international potentialities. News dispatches from the various capitals pictured the situation as follows:

VIENNA—Heavily censored telegrams revealed the Dollfuss government was launching a general offensive this afternoon designed to crush Socialist resistance after two days of fighting in which the death list approached 500.

LONDON—The British government warned Germany against intervening in the Austrian crisis and the steering committee of the Geneva disarmament conference agreed the news from Vienna had shelved all talk of European disarmament.

PARIS—The French cabinet, in almost continuous session, studied reports from Vienna, ready to act energetically if Germany actively intervened in the Austrian situation.

ROME—Semi-officially stated that Italy is watching the situation, bent on seeing that Austria remains independent of Germany.

GENEVA—League officials doubt Austria's appeal against alleged German encroachment will ever be acted upon by the league, believing a Nazi regime will supplant the Dollfuss government at Vienna before the league council meets.

BERLIN—The Hitler government, with full knowledge that it was under European surveillance, adopted a policy of "watchful waiting" though officials could not conceal their exuberance at the turn of affairs in Austria.

Dollfuss Seeks To Quell Trouble.
VIENNA, Feb. 13.—Casualties were increasing rapidly late this afternoon in Austria's bloody civil war and the government of Dr. Engelbert Dollfuss, diminutive chancellor, strove desperately to quell the disorders before nightfall.
The list of dead was mounting toward 500, although in the prevailing state of turmoil, no accurate check was possible, either in Vienna or in other parts of the nation.
Orders were issued by Vice Chancellor Emil Fey to all police and soldiers to use every possible means to put an early end to the fighting. Armed with this authority, the police and military were using machine guns, hand grenades, flame-throwers and even artillery in an effort to dislodge the embattled Socialists from their various strongholds throughout the city.

Bitterest Fighting.
Probably the bitterest fighting took place at the Karl Marx apartments, a huge structure built to house 10,000, in a working class suburb. Here, 4,000 members of the Schutzbund, the volunteer Socialist army, entrenched themselves. When (Continued On Page Two)

WILL DISPUTE CLAIM DAUGHTER A SUICIDE

Aged Father To Give Testimony In Soles Trial

Harry B. Lynch, 68, Will Tell Jury Circumstances Of Daughter's Death

McKEESPORT MAN FIGHTS FOR LIFE

(International News Service) PITTSBURGH, Feb. 13.—A gray-haired, sad-eyed 68-year-old father whose refusal to believe his daughter committed suicide was to step before a jury of six men and six women in criminal court here today and give testimony by which the Commonwealth hopes to convict his son-in-law, Robert S. Soles of McKeesport, of murder.

Harry B. Lynch will tell the jury the circumstances surrounding the shooting and details of his investigation which led to the arrest and indictment of the wealthy son-in-law.

Hinges On Note. His testimony was expected to be the principal feature of the trial which hinges on a note, indicating Mrs. Laroux Soles committed suicide. The Commonwealth contends, the woman wrote the note while dying from a bullet wound in order to shield her husband, an ex-army captain.

The defense proposes to show the note was written long before the shooting and that Mrs. Soles, who lingered between life and death 40 hours after being wounded repeatedly exonerated her husband. It will produce doctors and nurses from the McKeesport hospital who will repeat Mrs. Soles' dying words: "Bob didn't do it."

An indication the Commonwealth will seek the death penalty came when the prosecuting attorney asked jurors if they were opposed to capital punishment.

Busch was seated in his bedroom on the second floor of his home at the time of the shooting. With him were the chauffeur, Tony Felchinger, John Busch, a cousin, and a maid.

Fires Fatal Shot. "He told me to go to breakfast," Felchinger declared, "he said he wanted to remain in the room and listen to the radio. "The others had left the room and he asked me to close the double doors leading to Mrs. Busch's room adjoining."

PRISON OUTBREAK RESULTS IN DEATH OF EIGHT PERSONS

was his belief the situation was fully under control today, but a double watch was being maintained.

Break Frustrated. It was due to McCauley's quick action that the prison break was frustrated.

The warden's first intimation of actual trouble within the prison came shortly after noon yesterday when he telephoned to Officer Floyd Jackson to come to his office.

Jackson, whom convicts had overpowered in his own office, answered in a strained voice, saying he was unable to comply with the warden's request.

McCauley immediately ordered heavily armed guards to the wall. They arrived just in time to halt the march to the gate of 14 convicts with William Truman, chief of the identification bureau, and S. R. Bowen, chief engineer, held by the convicts as part of a shield of six overpowered guards.

The first shot was fired as Capt. of the Guards J. F. Gremmel remonstrated with the prisoners, who shouted:

"Open the gates! We're not going to turn back now! Open the gates!" The bullet whistled past Truman's ear and felled Clark, a murderer. The convicts scurried for cover as Clark fell. He was believed to have been the leader in the desperate break for freedom. The guards then opened fire with machine gun bullets, killing four more.

Government Claims Victory. The government claimed, in official statements, that it was in control of the situation and that service had been restored by the various utilities involved in the strike. Communications with other cities throughout Austria were interrupted but reports reached Vienna that fighting had been resumed at several other points, particularly at Linz, important industrial city of Upper Austria, where 24 were reported killed in a battle this forenoon.

The warning was delivered by Sir John Simon, secretary for foreign affairs after he had given the House of Commons a brief report on the Austrian disturbances, based on latest information available at the foreign office.

Without mentioning Germany by name, Sir John informed Commons that "the integrity and independence" of Austria is the concern of the British government. Then he added significantly: "While the British government has no intention whatever of interfering with the internal affairs of another country, we fully recognize the right of Austria to demand that there should be no interference with her internal affairs from any quarter."

Army Fliers To Take Challenge On Mail Planes

Civilians Ridicule Army Fliers As Not Capable Of Carrying Air Mail Thru

ARMY PILOTS BEST IN NATION

(Continued From Page One)

WASHINGTON, Feb. 13.—The Army today accepted the challenge of civilian aeronautical circles that the nation's crack military fliers would not be able to handle the country's airmail without tragic accidents.

High ranking air corps officers ridiculed the assertion of Capt. Edward Eckenbaker, the World War ace, and officials of commercial airlines, that the army fliers were not capable of handling the mail routes on short notice.

The declaration of Max Good-nough, field manager of Eastern Air Transport Lines, at Newark, N. J., that it "would be just too bad when the army starts to fly the air mail routes" was branded as propaganda by Maj. B. Q. Jones, who will be in command of the eastern zone, with headquarters at Newark.

Await Results. "We don't intend to brag," Jones said, "we will ask that the public judge us by results. Wait until we start operating, and then they can start judging. I have no fear of the results."

One high ranking army officer, who would not permit his name used for fear of entering the controversy, described as "rot" the charge that army fliers were not capable of blind flying.

Army fliers, he said, are schooled in flying blind over unmapped routes, and in landing without the aid of lights. He expressed confidence that they would be able to fly the regular commercial air routes and land without difficulty on the well lighted commercial air fields.

Furthermore, he added, the machines which will be used on night flying are being equipped with instruments for that purpose.

The entire army air corps staff was confident the army fliers would show their ability to carry the nation's airmail without "cracking up."

Leslie Tells Lions Of Postal System

(Continued From Page One)

Assistant Postmaster James G. Leslie, speaking before the Lions club today on "America's Postal System," declared that from the misdirected letters sent to the Washington "dead letter" office of the department in 1933 a sum of \$2,500,000 in cash, checks and money orders was removed. His warning was to watch the "little errors."

Mr. Leslie delivered an enlightening review of the postal system's early years and contrasted the conditions of the past with modern services.

Guests of the Lions today were 17 Boy Scouts of Lions troop 5, of which Thomas Smathers is scoutmaster. One is ill and could not participate today. Mr. Smathers introduced the boys individually. Their presence was appropriate to scout anniversary week.

Humor was introduced into Mr. Leslie's talk at the very outset when he called upon the scouts, together with several members of the club, to participate in fun-provoking stunts. The assistant postmaster told the clubmen that America's postal service is greater than that of a combination of European nations and that postal employees of this country handle a third of all the mails handled in the civilized countries of the globe. He said from 12 to 15 billion letters circulate through the American system annually.

Announcement was made that a Lions regional conference will be held in Greenville on Monday, February 19.

Monday Musical Club Here As Guest Artists

Musical history was made in New Castle last evening, when in the Highland church, fine artists of the Monday Musical club of Youngstown presented for the delectation of the New Castle Music club and guests a flawless program of meritorious and enjoyable works, such as to delight the heart of any musician or music lover.

First on the program was a two piano number by Miss Marian Davies and Miss Helen Engle. Fine interpretation and clear phrasing marked this number and for an encore the artists graciously responded to the sprightly "Scherzetto" of Chaminade.

Wherever sopranos are heard in song, the glorious voice of Martha Bailey Walton will stand forth for commendation. She presented a group of pleasing and far from ordinary songs, as well as an aria, "Pace, pace, mio dio" from "La forza del destino" by Verdi. Her song group included "Wild Geese" by Rogers, "The House on a Hill" by Charles, "The Lamplighter" by Manning and "There's a Lark in My Heart". Mrs. Walton is soloist at the Church of the Covenant in Cleveland. Her accompaniments were played with sympathetic fidelity by Mrs. Lillian D. Stambaugh.

Possibly one of the most enjoyed numbers on the program was the trio—Mr. Ficocelli (violin), Mr. Hubert (cello), Miss Hailstone (piano). The deeply stirring, pulsing tone of the violin and the resonant singing cello (with the piano), blended in a shifting color of infinite hues, which drew rounds of applause. Particularly well liked were the "Gipsy Rondo" of Haydn, "Deep River" of Fisher, "Romance" of Debussy and last the spirited "Hungarian Dance No. 6" of Brahms.

The voice of Miss Alice McMichael, contralto, made itself heard in its distinctive timbre and depth. Her voice coupled with a pleasing personality, captivated her audience, her numbers including "Pleading" by Elgar, "Joy" by Watts, "Day is No More" by Carpenter, and "The Catbird" by Clokey. Miss Hornberger was an able accompanist.

In closing there was heard again a piano duo by Miss Davies and Miss Engle, two numbers, "Andante" by Chaminade and the "Rakoczy March" of Berlioz-Hutchinson. Commendation is due Mrs. F. B. Horn, program chairman, for her part in the Youngstown club, upon whom rested the responsibility of arranging the program.

Following the program, there was

a delightfully informal social period. The president, Mrs. Jay L. Reed, was hostess for the evening and she was ably assisted by several members.

At an attractively decorated table in the dining room were seated Mrs. J. N. Martin and Mrs. Charles Greer, two of the club's charter members who have also been past presidents, and they officiated at pouring. Dainty refreshments were served by the social committee composed of Mrs. Clifford Probst, Miss Martha McGill, Mrs. Eli Kaplan and Miss Katherine McMillin. Mrs. B. K. Thacker was in charge of the decorations which were in red and white.

Serving as ushers and receiving with Mrs. Reed were members of the executive board, all of whom contributed in a large measure to one of the most successful evenings the club has ever enjoyed.

SALLY EBERSTADT WEDS E. E. HUGHES

Announcement is made of the marriage of Sally Lou Offutt Eberstadt of North Mercer street, to E. Eugene Hughes of Woodbury, N. J.

Mr. Hughes is the son of Mr. and Mrs. James P. Hughes of Woodbury, N. J., and is identified with the Vacuum Oil company.

Dinmore Class Meets
Members of the Harry C. Dinmore Bible class of the First U. P. church met for their regular monthly meeting last night in the home of Miss Harriet Ewing, Boyles avenue.

After the transaction of routine class business with the president, Jay Rudolph, in charge, the group enjoyed games of various kinds for the remainder of the evening. A special guest was Mrs. H. C. Dinmore.

At a late hour the group was served lunch by the hostess, assisted by her sister, Helen.

The March meeting of the class will be held in the home of Miss Sarah Loudon, Delaware avenue.

Valentine Day Features Week's Social Doings

Unusual is the present week, in that it commemorates the birthdays of two great men, Abraham Lincoln whose birth 125 years ago yesterday, February 12, 1809, and St. Valentine who lived early in the Christian century, about 270 A. D.

With the history of Lincoln, we are all familiar, but little is known of Valentine. There is some disagreement as to the man for whom the day was named although it is agreed that he was a Roman Catholic priest of early days.

Some say he had nothing whatever to do with love and lovers, but was killed during the persecutions of the early Christians. Others declare that he was thrown into prison and left to die because so sympathetic was he with lovers that he insisted in secretly performing marriage ceremonies after they had been forbidden by the Roman emperor, who wanted his men to go to war instead of marrying.

At any rate, Valentine's birthday was named as the day when lovers and their sweethearts with cards, verses and gifts, and up to the present time, the same things are being done.

Each year the stores are carrying more and more lovely cards to be sent to loved ones than here before. For the past week or so, parties have been held in which Valentine suggestions predominated, and now that the day itself arrives tomorrow, Wednesday, still others appear on the calendar.

The week is a busy one before Lent, including, as it does, several important events.

Monday afternoon there were meetings of two current events classes, the class of '23, commemorating Lincoln's birthday with an appropriate program on his life.

Last night the regular meeting of the Music club was held in High-

land U. P. church, with the Youngstown Music club, visiting artists. An excellent program was rendered.

This afternoon at 2 o'clock in George Washington high school, Ladies of the Lions participated in a tea. The committee presented a sealed program which contained several surprises.

This evening the Quota club will entertain at a Valentine party in the Y. W. C. A. and this affair, alone will attract over a hundred people. A special program will be presented in honor of Valentine Day, with three past presidents in charge. Mrs. Julia Herdina will be guest speaker.

At 8 o'clock at the same place the College club will hear a special program on "Magazines" with three prominent librarians in charge.

Wednesday, the Wimodauss luncheon will be held at the Cathedral. Three Garden clubs will also meet that day, the Westside club at the home of Mrs. John Hites on West Washington street, and the Eastside club at the home of Mrs.

Elder Bryan on Morton street, and the North Beaver Garden club at the home of Mr. and Mrs. John S. Miller at Edenburg.

Thursday will mark a luncheon at 1 o'clock and Bridge for Martha Shrine 14 at the Cathedral. In the evening at 8, the customary "every other week" stag party will be held at the Field club and judging from past weeks, a large representation of the male members will be present.

At this same time, another of the bi-monthly parties which have been held at the Elks club during the winter, will attract many people. Mr. and Mrs. Ben Agnew will be hosts for this affair.

Sorosis will entertain their husbands Friday evening at the usual mid-winter party.

Besides these strictly social events, there will be many important meetings, the Daughters of 1812 winding up the week's activities with a meeting with Miss Laura Marquis and Mrs. Ida Hamilton on Wallace avenue.

Error in Names
In the announcement of the Schiffman-Herman engagement in Monday's News, the name Anne Schiffman was used and it should have been Irene Schiffman, she being the fiancée of Philip Herman.

NO Luckies don't use the top leaves . . . because top leaves are under-developed . . . they are not ripe . . . They would give a harsh smoke.

YES Luckies use only the center leaves of the finest tobacco . . . because the center leaves are the mildest, tenderest, smoothest.

NO Luckies don't use the bottom leaves, because bottom leaves are inferior in quality. They grow close to the ground, and are tough, coarse and always sandy.

In making Lucky Strike, we actually discard most of the tobacco plant—because we select only the center leaves—and for these center leaves farmers are paid a higher price. We do not use the top leaves—because those are under-developed. Nor the bottom leaves—because those are inferior in quality—tough, coarse and always sandy. But these center leaves

are the mildest leaves, silky, smooth, tender. And so only these center leaves are used in making Luckies the fully packed cigarette—so round, so firm—free from loose ends. The tobacco doesn't spill out. That's why Luckies draw easily, burn evenly—and are always mild and smooth . . . And then, too—"It's toasted"—for throat protection—for finer taste.

NOT the top leaves—they're under-developed—they are harsh!

The Cream of the Crop
"The tenderest, mildest, smoothest tobacco"

NOT the bottom leaves—they're inferior in quality—coarse and always sandy!

DOLL SHOW FEATURES CURRENT EVENTS DAY

A delightful innovation in their usual program was enjoyed by members of Current Events class '23, Monday afternoon, meeting in the home of Mrs. H. E. Marshall, Sr., on Crawford avenue.

The program was in the nature of a Doll show with the following women dressed as dolls contributing to the afternoon's pleasure: Mrs. C. W. Mayberry, dressed in a Dutch costume, gave a performance of a Dutch doll which caused much merriment. Mrs. Elizabeth Patterson w. gowned as Queen Elizabeth to represent the queen of the dolls; "Mama" doll was portrayed by Miss Eva Donaldson and her mimic of "Ma-Ma," a number of times brought forth peals of laughter.

"Alice in Wonderland" was depicted by Mrs. R. G. Boak in a very pleasing manner. Virginia Thompson, dressed as an American or modern doll, was very good.

To the tune of "School Days," Mrs. M. R. Newbury sang a verse

about Doll Day composed by Mrs. C. W. Mayberry.

Aside from the "live" dolls there were on parade, several unusual ones with past histories which had been brought by different members. In the display were two which had passed through the Johnstown flood a few years ago and were still in good condition.

Preceding the show there was a short business session over which the president, Mrs. W. H. Shipley, presided. Very interesting current topics were given with discussions following. Reports of different committees were heard, showing splendid work being done along various lines.

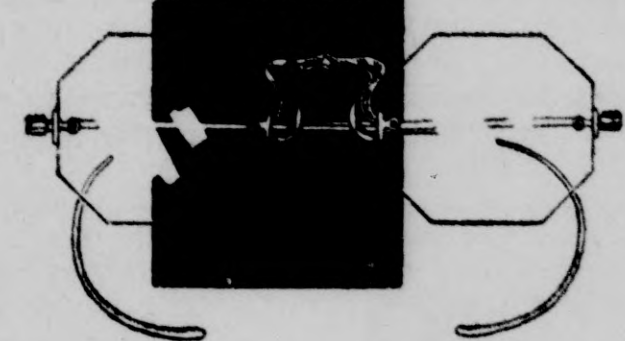

Out of town guests present were: Mrs. D. D. Davies of Pittsburgh, Mrs. Charles Turner of Harlansburg, and Mrs. James Morgan.

The next regular meeting will be in two weeks with Mrs. R. G. Boak of Winter avenue.

Belle McKnight, of R. F. D. No. 5 is a patient in the New Castle hospital.

"STOP, LOOK AND LISTEN"

URGING more respect for the old "Stop, Look and Listen" sign at grade crossings, the Governor's Committee on Street and Highway Safety stresses the indisputable fact that "accidents involving railroad trains and automobiles rarely kill or injure anyone on the train."

"It is usually the people in the automobile who suffer," the committee said. "Much as the engineer might like to do it, he can't possibly give the motorist a 'break' in view of the terrific momentum and weight of the train. A train running forty miles an hour goes fifty-nine feet in one second and cannot be stopped in less than a quarter of a mile. An automobile going thirty miles an hour can be stopped in fifty-six feet."

"Up to the moment of collision the motorist has all the advantages. Then the odds swing to the train which, in a race to the crossing, wins all ties."

"All crossings, whether guarded or not, require the careful attention of the motorist. Crossing bells and flashing lights are sometimes out of order. Watchmen or gate operators may be off duty."

"If your view is obstructed, come to a full stop before crossings. Then, in order to prevent stalling your motor on the tracks, take the crossing in second or low gear. Where a full stop clearly does not seem necessary, slow down to a reasonable speed at a point 50 or 100 feet from the crossing so you can stop if it becomes necessary."

NEWSPAPERS AND RADIO

Beginning February 28, newspapers are to be recognized as the purveyors of news—and the radio will concentrate its energies and programs on entertainment. News broadcasts by radio will be restricted to two five-minute periods daily, at 9:30 in the morning and again at 9 in the evening, and only such news, in brief bulletin form as press associations provide the radio stations, will be offered.

Publishers and radio chains have agreed to the "new deal" in news broadcasting. Those radio fans who have become accustomed to having their newspaper reading done for them by the radio will now have to alter their program somewhat. The encroachment of broadcasts upon legitimate newspaper publishing had become such a problem that efforts have been directed for a considerable time to arrange a suitable solution of the whole question.

It is entirely possible that commentators on the news will continue, in modified manner, with their programs, but these will have to be restricted to interpretations of news already printed, rather than spot news flashes which are received before morning newspapers go to press, or before the late afternoon papers have appeared. There is one channel of leeway—that the radio will be permitted briefly to bulletin occasional items of transcendent importance, with the permission of the press associations.

First of all, these will make for reliability in news presentation, and will give to newspapers a fair deal, which they have long since been denied.

NEW YORK'S SKYSCRAPERS

Higher and higher go the great skyscrapers of New York City, the Empire building reaching a height exceeding the Eiffel tower's 1,000 feet. Observing the piling up of these massive buildings, some have wondered whether eventually Manhattan Island might not give way under the strain and collapse into the surrounding waters.

No such thing is likely, engineers point out, for two reasons. First, the city is built on solid rock which would bear any weight man could ever put upon it. Second, the great amount of stone removed in excavations for these great buildings is heavier than the completed skyscrapers, although of apparently much less bulk.

Citing a recent example, the stone excavated for the Chrysler building weighed twice as much as the building itself, which when built was the highest in the world. So, the weight supported by the island is becoming less instead of greater.

Folks may be reassured, then, that whatever may be the dangers of New York, the collapse of its foundation is not one of them.

IT'S A SHORT FIFTY YEARS FOR HER

Alice Roosevelt fifty years old! Surely it can't be so. Yet it must be, for Mrs. Longworth herself gladly admits it. Thirty years since those "Alice bue" days at the White House when the bands played "Alice, Where Art Thou?" and Princess Alice carried Uncle Sam's good-will to Puerto Rico, Cuba, Hawaii, the Philippines, the Panama Canal. Twenty-eight years on February 17 since her dazzling White House marriage to young "Nick" Longworth!

New Deals come and go, but Mrs. Longworth pleasantly bridges the old and the new. Since she amounts to an American institution, the Nation's citizens, extending congratulations, may find reassurance in her own declaration that there's "Plenty of kick in the old horse yet!"

BLIND MAN'S BLUFF

In the past few years you have learned how foolish it was for you to carry on the bluff which you kept up as long as you were financially able to do so.

You now realize that if you had had good sense then, you might have escaped quite a bit of the worry since have had an account of shortage of money.

Your endeavor to create the impression of having so much more money than you possessed was a costly bit of bluff.

You spent money freely without getting its equivalent value in return.

You thought you were making friends loyal and lasting. In point of fact you associated with those who accepted you because you neither especially pleased nor displeased them—indifferently accepted.

You conducted your affairs on a plane far above that which your circumstances warranted and in a manner far beyond that dictated by good common sense.

Now you are paying the penalty for your foolishness. It is likely that you will pay that penalty for the remainder of your life because it is hardly probable that you will ever again have such unusual opportunities as you have enjoyed in past years.

Also, the snobbish group that you haveaped is not a crowd worth aping if you could know just where many of them stand in their lack of mental and moral decency.

THAT NORMAN BLOOD

At a recent gathering of British scientists in Leicester, England, Lord Raglan, anthropologist, did a good job of debunking the Norman pedigrees of certain proud Britishers. Besides the fact that many of them were victims of pedigree fakery, Lord Raglan pointed out that there have been about twenty-six generations of ancestors since the Norman conquest of England.

Since a person has twice as many grandparents as parents, the number of ancestors doubles with each generation. Which means that all those who claim to be of Norman blood have more than 134,000,000 ancestors since the time of William the Conqueror with all the mixtures that have entered into more than 67,000,000 matrimonial alliances since the Normans took over England.

Your Income
TaxNo. 14
WHEN TO REPORT INCOME
FROM SALARIES, WAGES
ETC.

Of the millions of income-tax returns that are filed annually, the vast majority are from salaried persons and wage earners whose income is derived from personal services.

In general, compensation for personal services should be reported for taxation purposes in the year it is received or unqualifiedly made subject to demand. Compensation credited to the account of or set apart for a taxpayer, without any substantial limitation or restriction, and which may be drawn upon by him at any time, is subject to tax for the year during which so credited or set apart, although not then actually reduced to possession. If the services were rendered during the year 1932, or even prior thereto, but the compensation was not received, or made unqualifiedly subject to demand, by the taxpayer until the year 1933, the entire amount is taxable in the year received, or made unqualifiedly subject to demand, when the taxpayer is reporting on the cash receipts and disbursements basis, which is the basis used by most persons in reporting net income.

All of the various types of compensation, unless specifically exempt by statute or exempt by fundamental law, should be included in the taxpayer's return of gross income, such as salaries, wages, fees, commissions, bonuses, tips, honorariums, prizes, awards, pensions in recognition of past services, etc. Where services are paid for in whole or in part with something other than money, the fair market value of the thing taken in payment must be included as income. Other items subject to tax are fees received by ministers of the gospel for funerals, baptisms, masses and like services; executors' fees; directors' fees; federal jury fees, and prizes received in contests of various kinds.

The salaries of federal officers and employees are subject to tax, including the salary of the president of the United States and judges of courts under the date of enactment of the revenue act of 1932, which was June 6, 1932. The salary of the vice president of the United States and the salaries of members of the house of representatives and the members of the United States senate are also subject to income tax.

A colored gentleman came into the prothonotary's office yesterday and inquired the price of a marriage license. When told it was \$2.50 he looked somewhat disappointed and then asked what dog licenses cost. Told \$1.10 and that they could be had at the treasurer's office he studied a few minutes and then said "Guess I'll get a dog license."

County May Be Favored For Democratic Nominee

Unless the sentiment in the 26th congressional district changes, the probabilities are that Lawrence County will get the nomination for Congress on the Democratic ticket this year. During the meeting of the state committee in Harrisburg, Saturday, the question of who should be the nominee was discussed by the leaders and a tentative agreement reached that the choice should come to Lawrence County.

It is understood that Attorney Samuel Wilson of Beaver County will not be a candidate this year and that no other Beaver County Democrat will announce. They are of the opinion in Beaver County that it is Lawrence County's turn this year and are agreed that a suitable Lawrence County Democrat will receive their support.

Many of the Butler County leaders are of the same opinion, although C. Hale Sipe has said that he would be a candidate. With a divided al-

legiance in Butler County and with Lawrence and Beaver supporting a Lawrence County man, Sipe's chances would be affected. With the situation as it is, the question here now is who shall be the candidate. Ex-Judge J. Norman Martin has been urged by his friends to be a candidate but has given them no satisfaction. Tad E. Shields of New Bedford has been mentioned prominently and his experience in the county commissioners' office gives him an acquaintanceship in all three counties that would be valuable. Attorney Joseph Humphrey of Ellwood City has also been mentioned as a possibility and recently, Burgess Judd Turner of Ellwood City has been mentioned. It is probable that a county meeting will be called within the near future at which time the candidate will be selected. It is highly improbable that the Democrats will have more than one candidate.

When Your Cough Hangs On, Mix This at Home

Saves Good Money! No Cooking!

If you want the best cough remedy that money can buy, mix it at home. It costs very little, yet it's the most reliable, quick-acting medicine you ever used. The way it takes hold of stubborn coughs, giving immediate relief, is astonishing.

Any druggist can supply you with 2½ ounces of Pinex. Pour this into a pint bottle, and add granulated sugar syrup to make a full pint. To make syrup, use 2 cups of sugar and one cup of water, and stir a few moments until dissolved. No cooking needed. It's no trouble at all, and gives you four times as much cough medicine for your money—a real family supply. Keeps perfectly and tastes fine.

It is surprising how quickly this loosens the germ-laden phlegm, soothes and heals the inflamed membranes, clears the air passages, and thus ends a severe cough in a hurry. Pinex is a compound of Norway Pine in concentrated form, the most reliable healing agent for severe coughs. It is guaranteed to give prompt relief or money refunded.

Ministers Of City Plan Mass
Meeting For Sunday, Febru-
ary 18, In Church

The speaker at the Monday meeting of the Ministerial association was the Rev. Virgil C. Fennell, representative of the Purity League of America. His subject was "The Eternal Conflict." He described the everlasting fight between right and wrong. He traced the progress of this conflict in the field of sex relations and of alcohol and narcotics. He emphasized the growth of the tobacco habit in recent times among children and women.

"The number of American women who are smoking cigarettes is amazing. The habit harms a woman more than it does a man." Dr. McClure reported for the Law and Order committee and presented a set of resolutions which were to be taken to a men's mass meeting at the First Presbyterian church next Sunday afternoon.

"I'm quite a traveler, too! And I think I know something of nerve strain. Rushing through breakfast, racing for the 8:04, then facing the same old trip again at the end of a hard day... six times a week, fifty weeks a year. I'm a constant smoker. Morning, noon, and night. My brand? Camels, of course. Because I can enjoy Camels steadily and I never have to worry about jangled nerves. To me Camels are the mildest cigarette. They've got what I call real flavor!"

Thomas Olsen, who sailed a

"There's one cigarette that I can smoke steadily without getting nervous or 'fed up' with smoking. I mean Camels. They taste mild—never flat—and there is a delicate flavor to Camel's costlier tobaccos that certainly does set Camels apart from other cigarettes."

How Are YOUR Nerves?

Most all of us know jangled nerves by these telltale signs—jumping when doors slam, scolding, worrying, nail-biting, frowning, foot-tapping. If you are the nervous type, check up on your eating, your sleeping, your recreation.

And be on the safe side about smoking—take up Camels now.

Camels are made from finer, MORE EXPENSIVE TOBACCOS than any other popular brand.

Thousands daily are turning to Camels. And finding a new zest for smoking that each Camel refreshes and renews. Your taste will always respond to Camels' finer flavor. And they never get on your nerves.

AROUND CITY HALL

Mayor Mayne made his promised foot voyage to the various liquor and beer emporiums Saturday night. The only places he did not visit were the sixth ward and another on the east side. The results of his inspection showed, he said that:

Ninety-five of the 100 persons he saw make purchases of liquor at the state liquor store were American born.

Ninety-five per cent of them were between the ages of 22 and 30 and half of the 100 drove automobiles to and from the store.

He did not see any minors drinking intoxicating liquors. He saw only two persons visibly affected. The mayor did see some persons "overly filled for comfort" and saw many persons in the places who had imbibed no intoxicants.

The city's chief executive did not see any rowdiness and declares he found the places equipped for serving people with food.

The fact that the mayor proposed voyaging around the different places had no effect on patronage.

The mayor made the trip solely because as mayor of New Castle he believes he should know how the liquor and beer situation stands here.

It is reported that the district attorney's office soon will send County Detective Sharp Leslie and several city residents to Indiana to attempt an identification of John Dillinger, policeman killer, as the slayer of a local patrolman, Clarence Campbell, who was shot to death in an attempt to save \$23,000 of Mahoning Trust company's funds from a bandit gang in May, 1932. It is reported that a photograph of Dillinger, when shown to several residents brought forth from several persons the information that "it resembles the man who was seen before the murder and robbery in the seventh ward." One day after the killing and theft of the company's funds council passed the Genkinger resolution which said the city of New Castle would pay \$1,000 reward for the apprehension and conviction of Policeman Campbell's slayer. However, the reward stood only for one year.

Here are the wages to be paid by the city department of streets: superintendent or commissioner, \$1,620 per annum; clerk, \$1,080 per an-

num; foremen, 50 cents per hour; drivers, blacksmiths and sewer laborers, 40¢ cents per hour; registered clerk, 36¢ cents per hour; register clerk, \$1,620 per year; sewer inspector, \$1,095 per year; rodmen, 81 cents per hour, and inspectors, \$4 per day. Rodmen will be employed as needed, likewise inspectors. Carmi Glover will act as superintendent and also supervise the sewer brigade.

It was reported reliably in city hall circles today that the civil works administration will stage a health survey in the city of New Castle. The civil works administration will pay the wages of the persons engaged—and they are expected to be employed soon. Three will be given jobs. One will be a nurse. Two others will be men.

City officials have refused to have city employees make investigations for an insurance company which carries the city's compensation. The company said they had several cases

in which city employees had been injured and asked the city to name an investigator from the city. This met with opposition on the part of Solicitor Robert White. He said other companies which have carried the city's insurance had their own investigations and added "we should not assume the responsibility." Furthermore, White remarked: "We do not want to send one employee after another employee to discover why he shouldn't get his money. It would be an unpleasant job and further, would consume a lot of time." Councilman Albert Hoyland summed up council's attitude when he remarked: "We are paying for investigations."

She has lived in a small town but wanted a ride—and she got it, but she's a wiser girl today than she was Saturday. The young miss, attractive, a good conversationalist and one who believed she "knew the rounds" came to town with com-

panions in an auto. The police story goes that "they ditched her" and not having any place to go the first night was given a cot in the room over which Police Matron Minnie McKibben presides. A good idea for the girls who believe they "know the rounds" is first to "know your friends." It's not the nicest thing to be "ditched in a strange town" and sleep on a police cot.

Several years ago city council acquired some ground in South Jefferson street, had it graded and then erected a strong electric light. The plot was assigned as a free parking plot for automobiles. It is seldom used for that purpose, according to council. However, it isn't eating up money. The electric light bill costs the city only 50 cents a month. For those who do not know where the spot is, they are hereby informed it is on the left side of South Jefferson street adjacent to central fire station.

City of New Castle has entered into a contract with Mrs. Ellen Travers, Shenango street, whereby she will be paid \$10 monthly for the use of ground for storage purposes. According to Safety Director D. O. Davies, it is next to a railroad and coal for city purposes can be unloaded there. Street department supplies also can be stored there. It is more convenient, he stated, than the plot the city rented in White street. The lease for that plot has been cancelled.

Just by way of salutation: During councilmanic session Monday Walter V. Tyler, former mayor and councilman, who now is employed as supervisor at one of the city quarries, desired to confer with one of the councilmen. He stepped into city council chambers, then finding council in session, stopped suddenly. "G'mon in, Walter, you look natural in this room," declared Mayor Mayne.

Police chronology for the past 24 hours ending 3:30 p. m. February 12: 15 arrests on charges as follows: intoxication 8, suspicion 5 and intoxication and disorderly conduct 1.

Here are the Usual Signs of "Acid Stomach"

The Signs of Acid Stomach
Nervousness Auto-intoxication Feeling of Weakness
Neuralgia Nausea Sleeplessness
Indigestion Frequent Headaches Mouth Acidity
Loss of Appetite Sour Stomach

What to Do For It

TAKE—2 teaspoonfuls of Phillips' Milk of Magnesia in a glass of water every morning when you get up. Take another teaspoonful thirty minutes after eating. And another before you go to bed.

OR—Take the new Phillips' Milk of Magnesia Tablets—one tablet for each teaspoonful as directed above.

If you have Acid Stomach, you can easily trace it. The symptoms above, headaches, stomach pains after eating, "gas," "upsets" are the usual indications.

Now—to get rid of it, all you need do is follow these directions: TAKE: 2 teaspoonfuls of Phillips' Milk of Magnesia in a glass of water every morning when you get up. Take another teaspoonful thirty minutes after eating. And another before you go to bed. Or—you can take Phillips' Milk of Magnesia Tablets; substituting one tablet for each teaspoonful of the liquid and get the same result.

Try It—You Will Be Amazed! Try this and, chances are, it will make a great difference in your life. For this small dosage of Phillips' Milk of Magnesia acts to neutralize stomach acids causing distress.

After-meal pains and discomfort go. You feel freedom from dull headaches. That "afternoon fog"—you think is depletion or "nerves" disappears. You feel like another person. People are doing this—doctors advocating it, everywhere.

But when you buy, be sure to get the REAL article—Genuine PHILLIPS' Milk of Magnesia—the kind doctors endorse. Always ask for it by the name PHILLIPS'.

The Boy Scout movement was praised as an organization which develops boys into "social beings" dedicated for the service of others by Attorney Gilbert E. Long in a brief message he delivered when the Rotary club fittingly celebrated the 24th anniversary of the founding of scouting at its Lincoln's birthday luncheon in The Castleton.

With 40 or more young representatives of scouting seated in the audience before him, Attorney Long lauded it as a "training school for good government officers" and declared it is a fine "builder of upstanding citizens."

Impromptu like, Attorney Long called the 40 scouts to their feet just as he finished to have them repeat offhand the scout oath for the Rotarians. They responded well and won an applause from the audience.

The short address was one of several features which marked the anniversary program, presided over by Dr. R. C. Lutz, Rotarian and active in scout circles. The entertainment highlight was the program which a chorus of troop 1 boys sang.

Dr. Lutz, in the meeting, presented the following to the audience as scouting's leaders here:
Council President, L. B. Round, Scout Executive H. C. Horton, Scout Commissioner, Ralph F. Davis; Charles T. Metzler, chairman of Rotary's scout committee; Alec Samuels, Harry Lockley and Orville Flora, Rotary troop committee members; Frank Fisher, council treasurer and past president; Dr. C. C. Green, Attorney W. J. Caldwell, Frank A. Schulz, L. A. Pearsall.

America Is Slowly Staging Comeback Declares Speaker

(International News Service)

HARRISBURG, Feb. 13.—America is "slowly, painfully, laboriously, pitifully, but surely" emerging from the depression and will become richer than ever before, Dr. Samuel Grafflin, philosopher and lecturer of White Plains, N. Y., believes.

Grafflin, addressing the ninth annual banquet of the Pennsylvania state school directors' association, said he had lived through six of these great national setbacks and in every instance the country has come back "wealthier and crazier."

"To come back, America will have to face honestly the facts that the depression began in the years of 1918-19 not in 1929. It was at that period in our history that America quit being a nation of business with gambling on the side to become a nation of gamblers with business on the side," he said.

Boy Scout leaders are formulating
the "working plan" which New Castle
and Lawrence county Boy Scouts
will follow in collecting, during the
remainder of February, household
furnishings and bedding for the

needy—the task that President
Roosevelt challenged them to do
over a nation-wide radio broadcast
on Saturday.
Scout Executive H. G. Horton said
the leaders will confer with Dr. G. S.
Bennett, chairman of the county's
relief board, to determine how the
clothing is to be handled and distributed.
Scouts all over the nation are at
work meeting the president's challenge today.

ENTERTAIN LONE MERCER G. A. R. MAN

MERCER, Pa., Feb. 13.—Of the many Mercer county boys who answered the call of President Lincoln in the "sixties" less than a dozen veterans of that great conflict survive in Mercer county, is the computation of George Hamilton, aged 89 years, Mercer's sole survivor of the local G. A. R. post which once numbered 200.
Mr. Hamilton was the guest last evening at a banquet served by the Sons and Daughters of Civil War Veterans. The banquet has been an annual affair here on Lincoln's birthday for 40 years. It was instituted by the members of the G. A. R. and when their reduced numbers made further gatherings impossible it was sponsored by the juvenile organizations named.

Anyway, we have learned that a racket is still a racket, whether the beneficiary is a gangster or a leading citizen.

Distance really lends enchantment. You listen to a radio program that you'd walk out on in a theatre.

Just Folks

By EDGAR A. GUEST

WHILE WAITING FOR THE GREEN LIGHT

As I was riding down today
A red light stopped me on the way,
And at my side with grind and jar
Came up another motor car.
Attracted by the piercing squeal
I saw two white hands quit the wheel.
And fly so fast and high in air
I thought: "The lady fainted there!"

But no! I soon discovered that
The dame! Had to fix her hat.
"Was just a trifle high or low,
But which I now shall never know.
Her fingers to the bonnet flew
And worked as lady fingers do,
And if the light would change to green
Ere she's be proper to be seen.

Behind a wayward wisp of hair
Appeared to need immediate care
She tucked it in, she pulled it out,
She twisted it her thumb about.
To me when all the fuss was o'er
It looked no different than before
But this I knew: 'twas urgent that
She rearrange both hair and hat.

But who am I to question what
Appears to be a woman's lot?
How do I know the deep disgrace
Of bonnets slightly out of place
Or the discomfort and despair
Of stubborn, wayward wisps of hair?
I don't. I merely thought and said:
"How nice for her that light stayed red!"

"You was" is a vulgarism. You, though it may designate one person, is grammatically plural, and its verb must always be plural. Say "you were."

Step out into the SUNSHINE

How many days of your life are lost in feeling under par? How many hours which might be bright are dull and dispirited?

Half-hearted days are frequently due to common constipation. It clouds your waking hours, takes the sunshine out of living. Yet it can be overcome so easily by eating a delicious cereal.

Laboratory tests show Kellogg's All-Bran provides "bulk" and vitamin B to aid elimination. All-Bran is also a fine source of iron. The "bulk" in All-Bran is much like that in leafy vegetables. Isn't this "cereal way" pleasanter than risking patent medicines?

Two tablespoons daily are usually sufficient. With each meal, in chronic cases. If not relieved this way, see your doctor.

Slayers Hunted Thirty-one Years

Reward Of \$10,000 For Slayers Of Eccentric Millionaire Back In 1903 Still Stands

VICTIM SLAIN ON ROAD NEAR HOME

(International News Service)
NEW YORK, Feb. 13.—A father's iron determination for revenge, projected 24 years beyond the span of his own life, was seen responsible today for the offer of a reward for the solution of a murder committed back in 1903.

Thirty-one years after Orlando Perry Dexter, millionaire eccentric and genealogist, was killed by mysterious rifle fire as he drove along a road near his summer home in the Adirondacks, a Malone, N. Y., paper today published a small four-line ad, reading:

"A substantial reward will be paid for information leading to the arrest and conviction of the person or persons responsible for the death of Orlando P. Dexter in September, 1903. Reply to room 507 at 101 Park avenue, New York."

Search Goes On.
Reporters hastening to that room today found it was the office of the estate of Dexter's father, Henry Dexter, former president of the American News Co., who died in 1910, after an exhaustive but fruitless search for his son's slayers.

Dying, the elder Dexter had projected his hunt for vengeance by stipulating that the murder investigation should continue as long as the estate existed.

A \$10,000 reward was posted during Dexter's lifetime, and it is believed the same sum still waits now for any person causing an arrest and conviction.

Two names appeared on the door, C. C. Sherwood and Everett L. Crawford, but Sherwood also is dead now, it was learned, while Crawford is out of town on vacation.

If a young daughter gets married before her older sister, the latter should dance at her wedding.

(Special To The News)
NEW WILMINGTON, Pa., Feb. 13.—Special religious services, marking the annual week of special services, started at Westminster College Monday night, President R. F. Galbreath announces.

The Rev. H. Ray Shear, a graduate of Westminster with the class of 1911 and now pastor of the West Park church, McKees Rocks, is to be the special speaker at these meetings.

In addition to the evening services in the college chapel at 7:15, the regular morning chapel service at 10:45 will also be used for brief messages from the special speaker. Social and other activities during the week have either been postponed until later in the month or are scheduled so that they do not conflict with these special meetings.

CWA Men Return To Library Work

After a delay of several weeks during which application was being made to the CWA for more "hours" repair and shelving work at the New Castle free public library by CWA men was resumed on Monday.

The job of preparing the new headquarters for the South Side branch of the library, on South Mill street, has also been resumed. It is believed that it will be a matter of only a short time until the South Side branch will be fully installed in its new first floor quarters across the street from its present location. The new quarters are larger and will accommodate more patrons.

Thanks to new scientific discoveries, a fat person can now lose a pound a day...yet eat even more than now.

Just Two Things To Do

All you do is take a teaspoonful of the new Condensed JAD Salts in a glass of water before breakfast, and make two small changes in eating, as explained in the Condensed JAD folder you get. The first day you lose 3 to 5 pounds moisture weight alone! The system is cleared of depleting poisons. Fat melts away, your youthful allure returns, yet you need never know a hungry moment.

Costs Only 2¢ a Day

Ask for the new economical Condensed JAD Salts at any drug store—and begin this quick method of reducing tomorrow. The Condensed JAD Salts, remember, is urged as a poison-banishing agent and to banish unhealthy bloating...not as a reducing one.

On Court House Hill

Only twenty-five instruments of all kinds were placed on record at the register and recorder's office last week, in comparison with fifty-two during the previous week. The recent cold snap may have had something to do with the drop. Among the instruments recorded were ten deeds and eleven mortgages, compared with sixteen deeds and thirteen mortgages the previous week. The largest mortgage was one given to Colonial Trust company trustee, of Pittsburgh for \$100,000, to secure a bond issue on a local plant. Three mortgages, totaling \$7,823.81 were given to the Home Owners Loan corporation; three, totaling \$10,500 to Building and Loan associations; three, totaling \$5,450 to individuals, and one of \$1,430 to a bank. The other instruments recorded included releases, power of attorney and bill of sale.

Miss Martha Bigley, who is looking up county statistics for the state department, is engaged just now in making a check up of all the books which have been returned by assessors since the county was founded. The assessor in each district is supposed to deposit his books at the court house when he is through with them. Miss Bigley recently went through a big accumulation of old books in the sheriff's vault, which

was probably the first time that the books have ever been checked over. She has not yet completed her data, so is unable to tell just what, if any books are missing.

Sheriff Edward D. Pritchard has received a letter from the Burns Detective Agency at Washington, D. C., asking him to be on the lookout for W. T. Doosing, of Showville, Va., who has mysteriously disappeared from his home. Doosing is described as being 58 years of age, but looks older. He is six feet one inch tall and weighs 170 pounds, and wears horn rim spectacles.

Attorney Elder Bryan says that stream-lines are nothing new in cars. There are a lot of old busses in New Castle, that are stream-lined.

In the case of Elick H. Scrazzo, trading as the Auto Sales company, against J. W. Higgins, Mrs. Rosella Brooks and Ralph Brooks, in which Higgins presented a petition to open judgment, Judge R. L. Hildebrand handed down a decision at court in which the prayer of the petitioner is refused, and the sheriff is directed to proceed with the execution.

The case was one involving a note for \$160, given by Higgins in the purchase of an automobile at \$850. Defendant claimed that the car was later taken back by Scrazzo, and resold, and that the \$160 note had been paid.

Sheriff Edward D. Pritchard believes that a man works best on a full stomach. That is why he has been giving the prisoners in the county jail, who are helping to clean up the place, a little extra grub. His layout has included a spaghetti dinner, which was very much enjoyed. The prisoners are making a first class job of cleaning up the jail. The walls are being washed from top to bottom, and all the iron work is being given a thorough cleaning. "The men are taking a real interest in their work," says Sheriff Pritchard, "and best of all, it is saving the county considerable money."

Court stenographer F. M. Rowland has filed the transcribed testimony in the cases of John W. Cameron against the Pennsylvania Railroad company and Robert A. Eckles against Albert L. Johnston. Applications for new trials were made in both of these cases, which necessitated the writing out of testimony. The Cameron case grows out of an accident in the Seventh ward when an auto struck a car which was being switched across a street, and the Eckles case grows out of an accident on the New Wilmington road. Verdicts for defendants were returned in both cases.

Consistable R. B. Morrow of the fourth ward has received a post card from former Sheriff Frank Johnston in which he says that he is leaving St. Petersburg, Fla., for Miami Fla., this week. Johnston tells about a pow-wow he had with William Walton of Shenango township who is wintering at St. Petersburg.

Old Ad Shows Prices Of Pipe

Finest Quality Of Cast Iron Pipe Sold For Three Cents Per Pound In 1861

Frank Andrews recently ran across an old advertisement in the issue of the New Castle Courant for April 13, 1861, which showed how cheaply products were manufactured in those days despite old-fashioned methods. The ad stated that R. W. Cunningham of this city had made arrangements for making "pit pipe" for oil men. According to the ad, the pipes were made in dry sand, on end (the only way to make a good pipe) from the best quality of Lake Superior and Cold Blast Charcoal metal. The price including bands and turning, was three cents per pound. R. M. Allen was the local agent.

MEDICAL ADVICE

If you want to...

- ...relieve constipation gently and safely
- ...take the exact dose suited to your need
- ...avoid danger of bowel strain

—use a liquid laxative

Can constipation be safely relieved? "Yes!" say medical men. "Yes!" declare thousands who have followed their advice and know.

You are not apt to cure your constipation with salts, pills and tablets, or any habit-forming cathartic. But you can safely relieve this condition just by gentle regulation with a suitable liquid laxative.

Why Hospitals use a liquid laxative

The dose of a liquid laxative can be measured. The action can thus be regulated to suit your individual need. It forms no habit; you need not take a "double dose" a day or two later. Nor will it irritate the kidneys.

The right liquid laxative will bring a perfect movement, with no discomfort at the time, or afterward.

The unwise use of strong cathartics may often do more harm than good.

In buying any laxative, read the label. If it contains a doubtful drug, don't take it. If you don't know what is in it, don't

THE TEST:

This test has proved to many men and women that their trouble was not "weak bowels," but strong cathartics!

First: select a properly prepared liquid laxative. Second: take the dose you find suited to your system. Third: gradually reduce the dose until bowels are moving of their own accord.

Dr. Caldwell's Syrup Pepsin has the highest standing among liquid laxatives, and is the one generally used.

'Housewarming' Of Elks Attracts Crowd Of 200

Over 200 members of the New Castle Lodge of Elks, their wives and special guests shared the gala housewarming festivities which the organization held at its North Mill street temple last night in celebration of the completion of the renovation of their lodge rooms.

The enjoyable social event, honoring the birthday of Abraham Lincoln, marked one of the most successful parties the lodge has ever held.

Throughout the evening the throng participated in hilarious games of bingo and contested for honors in bridge and five hundred, and General Chairman Harry D. Horner at the close presented the winners with appropriate prizes.

A fine program was presented for the guests.

The evening's highlight came when the group gathered to witness the Elks' testimonial gesture to Gillis F. Falls, member of the lodge for the past 30 years and now bringing to a close his 25th year as club steward.

Acting for the Elks, Attorney John G. Lamoree, in words well chosen for the occasion, presented a handsome lounge chair to Mr. Falls. Mr. Falls made a brief but fitting response.

When the clock hands pointed to 11 o'clock social activities in the home ceased while Exalted Ruler Edward J. Ryan gave the lodge's impressive toast to its departed brothers, a tradition always adhered to at Elks parties.

Winners in the various games conducted during the evening included Mrs. L. C. Mantz, Mrs. Max Ludwig, C. L. Hughes, Mrs. Earl Dukes, Mrs. Louis Sandler, Julius Blaha, Mrs. F. G. Kirmayer, Mrs. Edward F. Ryan, Clark H. Buell, Mrs. C. L. Hughes, Mrs. Joe Hartland and Bertha Mayberry.

For his able assistance in planning and conducting the Lincoln Day celebration General Chairman Horner had Walter W. Harrington, F. R. Wadlinger, E. F. Ryan, C. P. Cox, C. L. Hughes and Exalted Ruler E. J. Ryan.

The Elks home has been entirely redecorated for the spring.

Army Airmen Are Not Equipped To Carry Air Mail

Eastern Air Transport Manager
Says Traffic Accidents
Will Result

(International News Service)
NEWARK, N. J., Feb. 13.—The dire prediction that traffic accidents would occur when the Army flies the air mails was made today by Max Goodnough, field manager for the Eastern Air Transport.

"It's going to be just too bad," said Goodnough, who was an Army flier for five years, "for the Army planes are not equipped for mail flying."

"They are not fitted for bad weather, night or blind flying. The instruments are not of the proper type and are not duplicated as in commercial planes."

"The Army radio equipment has proved unsatisfactory in the past and very few of the army pilots have ever flown on a radio beam."

"I believe that with the proper experience and equipment the Army could fly the mail, but the present attempt is likely to result in disaster."

PHALANX DEGREE MEN AT NEW WILMINGTON

The second degree group comprises members of the local chapter whose service records, in the Y. M. C. A., and the community, have been outstanding.

As Austria Sought To Halt Socialists And Revolution

Answering with martial law in the cities of Vienna, Linz and Graz, Austrian authorities led by Chancellor Engelbert Dollfuss sought to avert a revolution as outbreaks, resulting from a nationwide strike called by Socialists, claimed the lives of more than 50 persons. Photos show the Austrian military in front of the city hall at Vienna, prepared to cope with previous disorders; a view of Linz where rioting has been intense; Chancellor Dollfuss at right; and Prince von Starhemberg, left, Fascist leader.

MCCLURE LIQUOR CONSPIRACY CASE NOT ENDED

Government Will Resist Attempts To Free McClure

Appeal Of State Senator John McClure And 54 Co-Defendants Will Be Fought

U. S. ATTORNEY HARD AT WORK

(International News Service) PHILADELPHIA, Feb. 13.—The appeal of State Senator John J. McClure of Delaware county and 54 co-defendants, convicted of participating in a huge liquor conspiracy, will be resisted by the government to the last.

This was ascertained today following the return to this city of Chet A. Keyes, special assistant United States attorney general who prosecuted the Delaware county political chieftain and his followers. Keyes has spent the past few days in Washington, conferring with Attorney General Homer S. Cummings and other department of justice officials relative to the effect on the McClure convictions of the recent supreme court decision voiding all pending liquor law cases and appeals.

Will Answer Appeals. It was said the federal government now takes the view that the high tribunal's verdict does not apply to the McClure case because the state senator and his co-defendants

were found guilty of conspiracy to violate, not direct violation of a federal law.

Keyes plunged into the task of preparing an answer to the McClure appeals which are scheduled to be heard before the circuit court of appeals on March 5. It was said the government prosecutor is ready to meet the eventuality that would arise should the defense attorneys in a surprise move come into court before the date of the scheduled hearing and demand a summary dismissal of the 55 convictions.

The government, it was learned, is ready to fight the appeals right up to the supreme court.

Touch Of Old Chicago Features Y. W. Show

Gomer Emery Numa Vidal

Just a touch of dear old Chicago, with an attending symphony of machine guns will be a part of "Up In The Air", the Y. W. C. A. sponsored play which will be presented in The Cathedral Thursday and Friday nights, February 15 and 16. Gomer Emery will have the part

of "Al Capone" who is not unknown to the American public and Numa Vidal will take the part of "Gyp the Dip" who is a rodder. Not the kind that work with engineers, but of the variety that packs a "rod" as the boys in the back room playfully call a six shooter.

The reservation of seats started early today in the Fleming Music Store and from the que in the store all day long the outlook for a couple of crowded houses is good.

But the gangster skit to be presented by Emery and Vidal is what we started to mention. It has just enough blood and thunder to satisfy your taste and back of them will be a chorus of two hundred. Not to forget the "Dips" who will be there. They are: Colleen Miller, Ellen Cullen, Lucy Ann Rubert, Betty Jane Marshall, Marjorie Pascoe, Marilyn Kite, Betty Reed, Dorothy Truby, Dorothy Mae Sturdy, Joan Preston, Danna Jane Lee, Eula Jane Johnson.

HAS GOOD REASON TO FROWN ON WAR

(International News Service)

LANCASTER, Pa., Feb. 13.—A father of two sons killed in the World War played a dominant part in the adoption of resolutions by the Lancaster classis, condemning militarism and war and asking that the general synod of the Reformed church condone exemption from military service.

The resolutions were presented and adopted after a stirring talk by J. Q. Truxall, an elder of St. Peter's Reformed church, whose two sons failed to return from "over there."

Flashes From Our Night Schools

By JOHN G. RUBEIS, Supervisor

Addressing twenty teachers engaged in carrying out the program of the Emergency Educational Relief in Lawrence County, Saturday morning, in the Administration Building, Dr. C. C. Green told these teachers that he believed the E. E. R., originating because of the depression will be the means of instituting a permanent adult educational program.

Dr. Green stated that school authorities are in favor of such a plan. They want to drive illiteracy out of America; want the street gangs to take a more noble interest in life, and give the people an opportunity to display their ideas by action and thought.

Dr. Green made it known that the E. E. R. is in no way connected with

the C. W. A. He stated that it has been made possible through a special Federal fund. It is an Adult Educational movement for both the employed and the unemployed. No school child is permitted to attend these classes. It is for adults who wish to secure the fundamentals of an education or to make further progress in business courses or higher education.

He outlined the fact that there are now 20 teachers employed in the E. E. R. in Lawrence County where originally only eight had been allotted. These teachers are now conducting classes in Castlewood, Ellwood City, Bessemer, Wampum, Chewton, Hillsville, Union Township and New Castle.

The payroll for the EER project in Lawrence County has amounted to \$4,000 since its inception.

In New Castle, there is the Americanization school at Lincoln and Garfield building, and the night classes at North street, where classes in business and a variety of subjects is taught. At George Washington, there are woodworking classes all day long and in addition there is a class in sewing and altering of garments.

All these classes are free, open to adults, and students can still register.

New Castle To Play Beaver Falls Tonight

Valley Team May Halt Local Quint

Beaver Falls Looms As Only Threat To New Castle In Title Chase

Prelim. Starts At 7:15 P. M.; New Castle Needs Victory Tonight

New Castle high school basketball team will have their ancient rivals, Beaver Falls high school, as their opponents tonight at the George Washington Junior high gym in a section three game. The main game will be preceded by a preliminary starting at 7:15 p. m. The biggest crowd of the year will no doubt pack the junior high floor for this important engagement.

The Bridenbaughmen won at Beaver Falls recently 20 to 16. It was a close hard fought battle and the New Castle team was extended to the very limit. The Beaver Falls team has improved somewhat since meeting New Castle and are out to take the measure of the league leaders this evening.

Good Combination.

Coach Phil Bridenbaugh will probably stick to his starting lineup of Reiber and Kelly at the forwards, Miles at center and Komlinic and Ostrosky at the guards. In event this combination does not click, there is always the alternative of placing Kelly at center and injecting "Dynamo" Hitchens into the game. In the game against New Brighton Hitchens and Ostrosky grabbed the spotlight with a lot of sensational shots that were registered as field goals.

Beaver Falls has long been a thorn in the side of New Castle as far as basketball is concerned, and it may be that the Heckathorne team may stop the mad rush of the undefeated section three rivals. Anyhow, it is bound to be a worthwhile game and one that the fans will enjoy. Beaver Falls has the same lineup that they used at the start of the year, the semester and graduation period did not weaken the valleyites one bit.

Need Victory.

If New Castle wins tonight they will be assured of a tie for the section three title if they should drop their two remaining section games, with Ellwood City and Butler. The Butler team, with two defeats, can tie the locals providing they win their last two and the locals drop two. The New Castle high school will play hard tonight to get that coveted victory that means another section title and a trip to the eliminations at the Pitt stadium.

Reserves To Play.

Coach "Gig" Thomas will release his New Castle high reserve basketball team again tonight in the preliminary game, with the Beaver Falls high reserves being the opponents. This game starts at 6:30 o'clock. The doors will open at 6:30 o'clock.

Slave Gave Name To Massanutten

(International News Service) UNIONTOWN, Pa., Feb. 13.—The Massanutten Military Academy obtained its name not from the Indians but from a slave, according to Walter Schenck, secretary of the local chamber of commerce.

Years ago, when the area was thinly populated, an early pioneer settled in that section of the Shenandoah Valley near what is now Strasburg, Va.

One morning the planter called to one of his slaves and asked what he saw at the top of a nearby mountain peak.

"Massa, Nutton," was the reply, according to Schenck. The words were used to name the mountain. When the military academy was founded at Woodstock, Va., it was named after the mountain top.

Allen Hall of Chicago came from behind Monday at New York with a flashy exhibition of billiards to win his fourth game in five matches in the world's three cushion championship. Hall turned back Cliff Denton, Kansas City veteran, 50-48. Although Hall's victory was the feature game, Arthur Thurnblad, Chicago, gave an even greater display to take his third straight after dropping his first three matches. A barrage of shots came off the cue of the lanky Chicagoan who held the toga in 1931, as he battled from behind to win from Otto Reischl, 50-47 in 64 innings.

Officers elected followed: Grove Ladner, Philadelphia, president; W. E. Hughes, Oil City, vice president; and Dr. C. A. Mortimer, Wilkes-Barre, secretary-treasurer.

Westminster Tops Geneva 58 To 21 Takes League Lead

Wesley Bennett Continues Sensational Scoring With 26 Of Titan Points

Westminster Piles Up Lead Of 32 To 9 At End Of First Half

NEW WILMINGTON, Feb. 13.—Westminster college basketball team leads the Tri-State conference today with five victories and no defeats, and Geneva college basketball team takes second place all because of that unusual exhibition of basketball displayed by the Titan artists last night at the Westminster gym. Geneva was snowed under an avalanche of field goals and fouls to the tune of 58 to 21.

The fans got snowed under going and coming, but it was a happy throng of United Presbyterian fans who wended their way out of the college gym after seeing the Lawthermen establish themselves as the cream of the tri-state, if not the entire district.

It wasn't exactly a basketball game, you couldn't call it that. It was more of an exhibition of how five Titans coached by John D. Lawther have earned for themselves the title of the most feared quintet in the western Pennsylvania area, and this includes Duquesne, Tech, Pitt, West Virginia, etc. The Titans last night would not have had to bow to any of them. It was a case of too much Westminster, with Wesley Bennett, the country's leading scorer, having another of his good nights and piling in 26 points, enough to defeat the Lawthermen single-handed. And then, too, the great Bennett missed several easy shots.

Titans Open Up.

Geneva scored the first point, a foul by Littell, and for about a minute or so the Genevians led the Titans, after that it was just too much Westminster. The Westminister team, with Wesley Bennett, the country's leading scorer, having another of his good nights and piling in 26 points, enough to defeat the Lawthermen single-handed. And then, too, the great Bennett missed several easy shots.

At the end of the first half the score looked something like the French war debt, with Westminster enjoying a 32 to 9 lead. Bennett had six field goals the first half, Geneva tried to keep a couple of men employed, watching Bennett. Four field goals were what the Akron boy got in the second half. It was at the foul line that Bennett had the most fun in the second half and he dropped in six charity throws.

Captain Billy Douglass was inserted into the game in the second half to allow Ray Sweeney a chance to get his breath. Douglass made himself conspicuous by tossing in a pair of field goals and a couple of fouls.

Geneva At Sea.
You probably wonder by this time just what Geneva did in the game. The answer is this, not much of anything. It wasn't the fighting

Geneva team that they have had down in Beaver Falls. They missed this man Cliff Aultman. Art Gramme tried to carry the load, but it was too heavy. Hurley, former New Brighton high star, did his level best which was six points, and Hymie Ginsberg tried hard to do something, but only scored three points.

The reason Geneva didn't get very with their intentions was a couple of great guards in "Swede" Hunneke and Wilhelm, the latter was forced out of the game on four personal fouls and got an ovation that about split a couple of the rafters in the college gym. Pete Leyschek, the Farrell boy, also was asked to leave the game after committing his fourth personal foul, and he was given a rousing cheer.

Subs Get Chance.
Coach Loeffler tried all of the tricks in the bag to stop the Titans. He sent four subs, Jones, Hutzley, Hemphill and Bettsch, into the fray and pleaded with them to do something, but the wreckage was beyond repair. Coach Lawther used Elmer Meider and Willis as subs in the closing moments of the game.

The game was billed as a championship affair, neither team had been defeated in conference play up until last night.

Warner Is Not Enthused Over Grid Changes

(International News Service) SAN FRANCISCO, Feb. 13.—Coach Glenn S. "Pop" Warner, the "Old Fox" who now coaches Temple University of Philadelphia, is not satisfied with the new grid rules announced by the football rules committee in Atlanta, Ga.

"The removal of the five yard penalty on incomplete passes and the lifting of the touchback on the first unsuccessful toss thrown into the end zone aren't major changes, but they add their influence to the air game," said Warner.

"I don't wish to see forward passing the dominating factor in football. Forward passing doesn't need help. It's the running game that needs encouragement. I don't see that the alterations will contribute materially to football."

Spring Training Costs Big League Teams Great Sums

By PAT ROBINSON
International News Service Sports Writer

NEW YORK, Feb. 13.—For free and easy weeping there's only one man in the world who can surpass a fight manager and that's the owner of a major league ball club. The club owner is the man who invented the crying towel.

There are times, however, when he has some reason to open the tear ducts and this is one of them. For today sixteen of the species must be prepared to lay out collectively somewhere between \$50,000 and \$100,000 for spring training trips. That means an individual outlay of, say, \$50,000 with little, if any, prospect of getting more than half of it back.

There have been odd years when the New York Yankees managed to make money despite a \$75,000 rap but this was due only to the magical drawing powers of Babe Ruth.

To See Ruth
The Yankee management believes the tank towns will turn out in force for what may be their last look at the Bambino as a player. If so, the Yanks may return to New York with a few dollars in the till.

The Giants, too, with a world's

championship to dangle before the eyes of the hinterland may draw enough to break even but the rest of the clubs have only a neat little deficit in prospect.

Some of the clubs have tried to retrench by stopping at cheaper hotels but the three New York clubs, Giants, Yankees and Dodgers, will travel de luxe as usual.

Fifty grand for a training trip seems an exaggeration until you take pencil in hand.

As many as 50 or 60 ball players, regulars and rookies, a dozen sportswriters and several club officials are taken to camp as guests of the club for seven weeks.

Spend Thousands
Railroad fares run into thousands of dollars. Touring of the southland with three or four special cars put several more thousand on the wrong side of the ledger.

Preparation and maintenance of the playing field, entertainment for the visiting firemen and other incidents run into surprisingly large figures.

And when a couple of club owners see their teams in Florida play to perhaps a \$14 gate, you may readily believe the crying towel is handy, and with reason.

Harman Endorses Football Changes

Head Coach At University Of Pennsylvania, Thinks Committee Did Right Thing

(International News Service) PHILADELPHIA, Feb. 13.—Harvey Harman, football coach at the University of Pennsylvania, today heartily endorsed the three changes made in the 1934 intercollegiate football rules.

"The changes will open up the defense and make the action more spectacular around the goal line," said Harman. "It will make the game exciting for the spectators."

The Penn mentor added that "the rules committee was wise not to make extensive changes in the rules."

May Break Tie In "A" Division

Sacred Hearts And Wesley M. E. Play Different Opponents Tonight

Wesley M. E. and Sacred Hearts are leading the "A" division and St. Elias is at the top of the "B" division of the Church league, according to Henry MacNichols, athletic director of the Y and guiding figure in the Church circuit. Tonight Tifereth Israel will play Wesley M. E. in the "A" division, and the second game will be between Highland U. P. and First Christians. The last game will be a clash between Sacred Hearts and St. Michaels.

Should either Sacred Hearts or Wesley M. E. lose the deadlock for first place in the "A" division will be shattered.

GONDALIERI WIN

Gondalier basketball team captured its fourth victory of the season on Monday, defeating the Marvale club of Sharon, 21-18. Miranda and L. Mastrangelo were outstanding for the Gondaliers. On February 19 the Gondaliers will oppose the Dewberys, of Monaco, Pa.

Ladner Renamed By Sportsmen At Capital Session

Philadelphia Man Is Continued In Office By State Federation Of Sportsmen

(International News Service) HARRISBURG, Feb. 13.—Grover C. Ladner, of Philadelphia, today continued in office as president of the State Federation of Sportsmen following his re-election at the annual meeting in the caucus room of the state house of representatives.

The organization which is composed of representatives of 195 sportsmen's club rejected a resolution proposing legalization of Sunday fishing by a vote of 64 to 51 and condemned administration of a \$500,000 fund allotted to the CWA to prevent stream pollution.

The organization urged the state to remove protection on skunks and to protect bears for three years; to reduce the dog license fee by 50 cents and to repeal the uniform firearms act.

Members of the general assembly will be sent questionnaires for their opinions on stream pollution legislation; keeping the game and fish commissions "out of politics"; merger of the game fund with the state's general fund, extension of state forests and more drastic penalties for persons responsible for stream pollution.

ST. NICHOLAS WINS
St. Nicholas church team won from the St. Josephs in a Catholic league game at the Lincoln gym by a score of 20 to 19. This game took an extra period to decide. Reda and Malone led the scoring for the winners, with Augustine and Burrell the best for the losers.

Waynesburg Has Tough Schedule For This Week

Meet Juniata, St. Vincents, Westminster And Slippery Rock In Basketball

WAYNESBURG, Pa. Feb. 13.—The busiest and most important week of the winter sports season for Waynesburg College athletes is tonight for this week, when four basketball games and one wrestling match will be run off.

The Yellow Jacket basketball team will head east over the mountains tonight to meet Juniata in a return game at Huntingdon. The following evening they will meet St. Vincent College courtment at Latrobe. Both teams were defeated by Waynesburg in games played here, but stiffer opposition is anticipated when they are met on their home courts.

Waynesburg's home basketball season will reach its climax Friday evening, when the fast traveling Westminster College basketball team is played here in a Tri State Conference game. As result of their recent victory over Duquesne University the Westminster team has achieved national recognition and a capacity crowd is expected to see them when they play here.

Saturday night Slippery Rock Teachers College will be played here, in a game recently added to the original schedule. While all four games will be tough ones for the Wolfpack, the contest with Westminster will undoubtedly prove the hardest assignment of the year.

LEGION OF HONOR TO HAVE MEETING

Members of the Legion of Honor of the New Castle Consistory will hold their regular meeting in their rooms in the Cathedral this evening. Following the meeting, a shoot will be held on the rifle range in the basement of the building.

For Carrollmen; Score
23 To 18

George Washington Junior High School basketball team won its most important victory of the year at the Washington High floor on Monday afternoon by taking the measure of the strong New Wilmington High County league team 23 to 18. The Carrollmen looked impressive in their upset of the college towners.

At the end of the first half the New Wilmington team held the lead at 8 to 6. It was the second half attack that won for the Washington High team with Perrett and Donegan the big stars of the contest. Perrett led the scorers with 14 points through the medium of six field goals and two fouls, while Donegan had six points.

For the New Wilmington High team the playing of Ferris, Eagleson and Axe was the best. Ferris and Clark of the New Wilmington team were forced out of the game via personal fouls.

The next home game for the Washington High team will be on Wednesday afternoon with the Union High Reserves.

Coast Coaches Approve Changes In Football Rules

Thornhill, Spaulding And Jones
Discuss New Changes In
Football Rules

(International News Service)
LOS ANGELES, Feb. 13.—Football coaches of the Pacific coast today voiced approval with the intercollegiate code changes by the National rules committee.

The new rule on incomplete passes over the goal line does not mean that a team can continue to throw passes promiscuously, while the first attempt is the loss of a down, another incomplete pass in the end

zone during the series shall be the loss of the ball as a touchback.

This was the interpretation of Coach Howard Jones of the University of Southern California and Coach William H. Spaulding of the University of California at Los Angeles.

"The committee took an intelligent step forward in making the forward pass changes," commented Coach "Tiny" Thornhill of Stanford University.

"I look for his new rule," said Jones "permitting one incomplete pass in the end zone, to speed up the game considerably and as it will loosen up the defense, a defensive team can not play so tightly that it fails to guard against a long pass and this of course is good for the attack."

Teddy Yarosz Defeats Smith

Monaca Middleweight Re-
tains State Title By
Beating Smith At
Pittsburgh

(International News Service)

PITTSBURGH, Feb. 13.—Beneath the mythical state middle-weight crown he garnered in his 15 round triumph over Jimmy Smith, of Philadelphia, at Motor Square Garden last night, Teddy Yarosz, of Monaca, Pa., today wore a grain of confidence that bodes no good for the reigning world champion, Vince Dundee, of Newark, N. J.

Yaros won an easy decision over Jimmy Smith before a packed house of 5,000, taking the tough Philadelphia who gave Dundee—according to the champ himself—his toughest fight.

Except for brief flashes of "do-or-die" punching when Smith attempted to take the battle into his own hands and shape the outcome of his liking Yarosz carried the fight from the start.

Yaros' victory assures him another chance at the veteran Dundee, whom he trounced in a 10-round fight here last summer.

Stock Market
Subdued Today

Traders Appear To Have

RAILROAD SHARES
STAGE RECOVERY

(International News Service)
NEW YORK, Feb. 13.—The stock
market was more subdued today as
traders appeared to have regained
most of their composure after the
unsettled brought on by the
presentation of the stock market
regulation bills.

Aviation stocks, notably
United States Aircraft, however,
continued to be unsettling features and
kept the list in a comparatively
nervous state. United Aircraft was
again sold freely and plunged to be-
low 18 for a loss of more than 4
points before meeting with support
and rallying above 19. The other
aviation stocks including Aviation
Corp. and North American Aviation,
though, were little affected.

Railroad shares staged a fair
recovery following last week's sell-
ing and New York Central, Southern
Railway, Southern Pacific, and other
leaders were strong and moderately
higher.

American Water Works was a
strong spot in the utilities getting up
a point and generally bringing firm-
ness into the rest of the group.

The mining shares including
United States Smelting, Cerro de
Pasco, and American Smelting were
in constant demand throughout the
forenoon and registered gains run-
ning to 2 points.

Motion picture stocks were strong
under the leadership of Loew's and
Pathe A. Oils, "revelations and chem-
icals" were quiet but strong and frac-
tionally higher.

The commodity markets were
quiet with wheat and cotton moving
in a narrow range around their
previous close.

Fire Destroys
Farm Dwelling

ELLWOOD CITY, Feb. 13.—Fire
completely destroyed a large two-
story frame dwelling, commonly
known as the McCracken homestead,
located midway between Ellwood
and Portersville on route 488 on Sat-
urday evening. The cause of the
fire was undetermined.

When it became apparent that the
building could not be saved, owing
to the frozen condition of the water
supply of the farm, the neighbors
assisted the occupants in removing
most of their household furniture to
a place of safety. The members of
the family took refuge with neigh-
bors in that vicinity.

The loss was estimated at \$3,000,
and was partially covered by insur-
ance.

have been causing some concern for
their opponents. The locals have yet

are resolved to do it tonight. Coach
Benedict held a stiff workout for his
proteges last night. They showed
some good form.

The locals will have their best
lineup available for this game. This
will probably include Latiano and
Robuck at the forwards, Bunney and
McFadden at the guards and La-
menzo at center. A fast game is in
prospect for tonight.

Pinchot Will Be Candidate For U. S. Senate

Governor Definitely Out For Republican Nomination As Senator

By G. EVERETT DOYING
International News Service Staff Correspondent
HARRISBURG, Feb. 13.—Gov. Gifford Pinchot is definitely in the race for the Republican nomination for the United States Senate, International News Service learned today.
Sources close to the executive said he has decided, however, to withhold making the announcement "until later."

Still In Hospital
The governor is still in Leroy Sanatorium in New York recuperating from an attack of shingles which robbed him of about 20 pounds of weight.
His candidacy is already being promoted under cover, it was learned, and by the time a formal announcement is made, everything will be in readiness for a quick and active campaign.
The governor is saving out the planks of his program while confined to the New York hospital, it was learned.

Lone Wolf Tactic
Present indications are that governor Pinchot will make a "Lone Wolf" race for the senate, electing to adopt the same strategy as Senator David A. Reed, his opponent in the primary.
One of the reasons for the governor's decision not to carry a state ticket along with him in the primaries is that he does not desire to show preference either to Attorney General William A. Schnader or to Senator Frank Harris of Pittsburgh, both of whom are expected to be candidates.
The exact date on which Governor Pinchot will make his announcement remains doubtful now that no word as yet been forthcoming from him.

LARGE CROWD IS INDICATED FOR BANQUET

Weather conditions will undoubtedly have an effect upon the attendance tonight at the Community Fathers and Sons banquet, but General Chairman Ralph Davis said today that the ticket sale indication was that a good crowd would be present.
The fathers and sons will gather in the lobby of the Cathedral and about 6:25 will march down to the dining room. Here W. O. "Red" Williams will have charge of group singing during the service of the dinner.
Rev. Fr. Joseph A. Doerr, pastor of St. Joseph's church will deliver the invocation and Rabbi Avery Jonas Grossfield of Temple Israel the benediction. General Chairman Davis will introduce the toastmaster of the evening, Dr. G. S. Bennett, who will have charge of the program. The welcome to the sons will be given by Dr. Charles B. Winger, pastor of the Central Presbyterian church and the response will be given by Ralph Davies. The principal address of the evening will be delivered by Attorney W. Walter Brahm.
Tonight's banquet is a part of the national program to hold Community Fathers and Sons banquets. Marcus Feuchtwanger is the state representative here and is the honorary general chairman of the evening.

New Stream-Line Train Ready For Run To Capital

Aluminum "Bullet" Train Will Pass Through City Wednesday Morning

New Castle residents will be permitted to see the new aluminum stream-line train, built for the Union Pacific railroad at the Pullman Co. shops near Chicago, tomorrow morning when the bullet-like train will speed through here on its way to Washington, where it is to be placed on display.

The train will pass through the seventh ward at 10 o'clock Wednesday morning and will not stop at the station, officials of the U. and O. railroad over whose lines the train is traveling stated today. It may, however stop in the yards to pick up officials.

The new three-car train weighs but 85 tons, the weight of one modern sleeping car. The power plant, located in the nose of the first car, weighs 20 tons, compared to the 316 ton modern locomotive usually used in big passenger hauls. It burns distillate for fuel.

The windows are of shatter-proof glass, sealed in rubber. Steps are retractable and the train when in operation resembles a huge projectile on wheels.

Valentine Ball Much Enjoyed

Chapter Of Youth Has Successful Event On Monday Night

Despite the inclement weather, the first annual Valentine Ball of the Chapter of Youth, No. 48, Sons and Daughters of America held in the Cathedral Monday night resulted in a fine success, approximately 500 being present.
The arrangements for the ball had been efficiently handled by the officers of the chapter and the committee named. Nothing was left undone and the general chairman Mrs. Noble Di Lorenzo and her aides are to be congratulated for the success of the affair.
In addition to the guests from New Castle, there were present guests from Alliquippa, Ellwood City, Youngstown, Butler and Pittsburgh. The ball room was tastefully decorated for the affair and with such a splendid success this year, the Valentine Ball will be repeated next year.
The committee members were easily identified during the evening each of them wearing a wrist corsage. The door prize of the evening was won by Miss Frances Rozzi.
The general dance committee was composed of Mrs. Noble Di-

Big Bootleggers Are Being Held At Philadelphia

Government Will Try Bootleggers On Internal Revenue Law Violation

(International News Service)

PHILADELPHIA, Feb. 13.—Barish Poley and his brother, Moe, big bootlegging barons during the departed prohibition era, languished in police cells today, nursing keen regret over their apparent failure to interpret a supreme court decision accurately.

In their distant haven in Canada the brothers Poley read last week dispatches from Washington telling of the supreme court's ruling quashing all pending liquor law cases. "Now we can go home," said brother Barish to brother Moe. "Right," replied brother Moe.

Home they came, but again they fell afoul of the law, and all because they had neglected to consider the fact that the supreme court ruling did not concern itself with cases involving violation of the internal revenue laws. It was for such alleged violation that the brothers Poley were hurled into a West Philadelphia cell to await arraignment today.

Up in Canada the brothers were fugitives from indictments charging them and 26 others with having operated a vast bootlegging enterprise in Philadelphia, which was equipped with a large fleet of rum-runners, delivery trucks, radio stations and an elaborate suite of executive offices.

Scout Anniversary Closes With Party Of Leaders, Wives

Over 50 At Croton Event; Expect Turnout At Banquet This Evening

Boy Scout leaders and their ladies last night held one of the most enjoyable affairs ever staged when they gathered at the Croton M. E. church with Scoutmaster John Wilson in charge of the program and a group of ladies of Troop 6 behind the scenes in the refreshment department. There was very little of the formality of a troop meeting. The group had the color ceremony and the scout oath and law, but then they separated into half a dozen games that soon had everybody thoroughly acquainted. The celebrated debate on women still has everyone guessing who won and the circle games were played to the limit.

Later on in the evening refreshments were served and groups of leaders and their ladies sat around and chatted. No business was transacted, though the Father and Son dinner was mentioned. The next months meeting was set for March 5 at the First Baptist church.

Over fifty leaders and ladies were present, and everyone reported a fine time. One of the features of the "Headquarters Troop" as it is called, is the good fellowship prevailing at these meetings. Men who give their time to working with boys cannot help but get something for themselves out of it as by-product. This affair was the last of the official Anniversary Week programs. Though about 150 scouts and fathers will be present at the fathers' and sons' dinner tonight.

Damage Suit For Death Of Child

Case Of Rosa Spears Against Harry Laughlin On Trial At Court Today

Harry Laughlin of Big Beaver township is defendant in a suit brought by Rosa Spears of Wayne township, which was taken up for trial before Judge R. L. Hildebrand at court this morning. Mrs. Spears is seeking to recover damages for the death of her daughter, Martha Spears, who was killed in an automobile accident on the Ellwood-Wampum road.

It is claimed that on December 25, 1932, Martha Spears was staying with her grandparents, Mr. and Mrs. William Rowd on the Ellwood-Wampum road. About 2:30 in the afternoon she was in front of the Rowd house on the south side of the street intending to cross to the north side. She waited until an automobile passed, and then, thinking the road clear, started across. She had reached about the center of the road when she was struck by the Laughlin car, dying soon after being taken to the Ellwood hospital.
